4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc

The college has formulated a building committee to advise augmentation, and upgradation of infrastructure and to create an environment of excellence in education through new and innovative educational tools. At the beginning of the academic year, the head of the department suggests the requirements of equipment based on course contents and the upgradation of the equipment. The college has adequate space for academic, administrative, and sports activities. The college has 14 classrooms and 4 Science laboratories, including 27 computer laboratories with ICT and 2 smart classrooms. The College has separate placement cells, NSS, IQAC, canteen, staffrooms, Parking zone, and washroom blocks. The entire campus is under CCTV surveillance and the security guards are appointed to serve safety and security purposes. The college has 30 computers to maintain the computer-student ratio. The availability and requirements regarding classrooms laboratories, other equipment, and furniture are planned by the timetable committee. The faculty members are encouraged to use innovative teaching-learning practices such as PPTs, LCD projectors, smart boards, etc. With the utilization of modern technology, some of the departments of the college arrange workshops and national and international conferences. The maintenance of the equipment and utilization of infrastructure is ensured through the appointment of an experienced lab technician. Beyond the regular college hours, the physical infrastructure is utilized to conduct cocurricular activities, parent-teacher meetings, alumni meetings, campus recruitment drives, competitive classes, etc.
